## Langdon's Successful Fair

The Langdon and Bow River Agricultural Society held its annual exhibition on August 16th. The weather was ideal for the occasion. The fair was a perfect success, both in attendance and financially. Six hundred odd people attended the fair and enjoyed the program of sports and agricultural exhibits.

Over \$1500 was picked up in agricultural prizes, \$2000 in domestic products, and \$2500 in sports, etc. Dick Cosgrave, of Cheadle, was the choice in the bucking contest, but the other riders made him ride hard to win the money. There was much doing so that the bucking game between Langdon and Dalroy had to be called off when only half way through the game on account of the darkness. There was no score on either side. The day was completed with a dance which was the best yet.

### Sports

Free for all, two over three, W. Martin 1, E. Albertson 2. 142 and under ponies, A. Miller 1, J. Williams 2. Farmers Wagon race, W. Anderson 1, E. Lacombe 2. Boys foot race, 15 years and under, two yards dash, J. Edwards 1. Nine two yards dash, Geo. Kouts 1, Geo. Wells 2. Ladies race for all, Ruth Dye 1, B. Griffin 2. Boys pony race, 15 years and under, A. Miller 1, Gordon Brown 2. Boys foot race, Eric Scott 1, Tom Tarnett 2. Ladies 50 yard dash, Mrs. E. Whitmore 1. Mrs. M. S. Brown 2. Boys foot race, R. Knox 1, Fred Henderson 2. Girls foot race, Jennie McIntyre 1, A. Drake 2. Free for all three legs, race Maria Dye and Jaquette McIntyre 1, Howard Wilson and Geo. Wells 2. Boys foot race, Bert Henderson 1, A. Thomson 2. Cowboys relay race, W. Miller 1, Dick Cosgrave 2. Girls foot race 50 yards, Muriel Thum 1, M. Hild 2. Fat men race, C. W. Anderson 1. Tug-of-war, E. Armstrong's team, Cowboys Bucking contest, this was well contested and was enjoyed by riders many were as follows: G. Ames flank Upton, E. Burroughs, Dick Cosgrave, W. P. Anderson and Bentley. The horses were as hard as follows: Wild Lippe, Stand Char, Baiter, Smokey, Stripes, Sunshine, Babe, Whisky Straight, Grave Digger, and Wild Fire. These horses were as hard as the rough riders all that they wished for, and a glimpse of higher altitude. Dick Cosgrave picked off first money as best rider, but he sure earned it. Hand Upton and G. Ames were a tie and got second money. Best bucking horse was owned by Dick Cosgrave, named Stand Char.

### Dalroy vs Langdon

The battlegame in the evening of the Langdon Fair was in line with the rest of the sports as a big success, although the rainings were played on account of darkness. There wasn't a race, aside on side as both teams were on their toes, with no errors. A large crowd was in attendance and was well satisfied with the class of ball that was staged, only would have liked to have seen the whole nine innings. A lot of comment on the splendid ball diamond that Langdon has, which is a credit to the town. Fred Barber picked for Langdon. It was kept on he will have them all guessing with that South Play of his. Keep up the good work Fred. Currier Parks had the misfortune of spraining his ankle. Jack McLaughlin picked for Dalroy and did himself credit the way he put them over.

The sports in the Langdon and Bow River Agricultural Fair were a good success all through, and gave splendid entertainment for the large audience. Each race was well contested, with a good number of entries each. Mr. Alex Storey was in the right place and the right man as starter of the races, also giving decisions as all were satisfied. Mr. Storey also gave a prize for the small boys race, in the

form of the boys had to take off their boots, run 50 yards then find their boots and put them on; Victor Barron was the winner. In the free for all race there were nine horses to start, they all put up a good race in the first heat, seven started in the second, but only two in the last, as they proved quite a lot faster. In the boys pony race there were six to start. The boys were enjoyed it and were all anxious to get the start of the other fellow, however, Mr. Storey gave them all a fair deal. The rest of the items were all as interesting, making the sports an A1 success.

Sports committee: H. L. Griffin, A. L. Stuart, J. F. McLeod, E. Mac and E. Armstrong. J. J. Cowell, secretary. The dance in the evening, under the direction of the Fair Society was also a good success and would have been more so, but the hall was too small; as it was a good sum was raised over and above the expenses, everybody went away well satisfied in the few short hours of the morning. Mrs. Trillor's orchestra, from Calgary, supplied the music and as usual gave the best of satisfaction, thus, the end of a perfect day.

### Horses

Clydesdales—Class 1, 2, and 3, J. Harradence, winner of 1st and 2nd prize. Class 5, Jas. Harradence, 1 and 2; O. Miller, 3. Class 6, Jas. Harradence 1; L. McKinnon 2 and 3. Class 7, J. McKinnon 1 and 2; Jas. Harradence 2. Class 8, Jas. Harradence 1, 2 and 3. Class 9, Jas. Harradence 1 and 2; L. McKinnon 2. Class 10, L. McKinnon 1 and 2; Jas. Harradence 2. Class 11, Jas. Harradence 1 and 2; L. McKinnon 2. Class 12, L. McKinnon 1 and 2; Jas. Harradence 2. Class 13, Jas. Harradence 1 and 2; L. McKinnon 2.

Parcherons—Class 17, Oscar Miller 2. Registered Heavy Draft 1500 & over—Class 56, Jas. Harradence 1 and 2. Class 57, Jas. Harradence 1 and 2. Agricultural Grades, 1500 & under—Class 68, Johnson Bros. 1, E. R. Highly 2. Class 69, L. H. Little 1, Johnson Bros. 2; J. Cole 2. Class 70, E. Armstrong 1. Class 71, D. Thomas 1; E. R. Highly 2; H. L. Griffin 3. Class 72, A. E. Merriam 1; Jas. Harradence 2; H. De Loupe 2. Class 73, L. H. Little 1; W. Anderson 2; E. R. Highly 3. Class 74, Jas. Harradence 1; R. H. Wade 2. Class 75, E. R. Canada's New Governor General LORD BYNG OF VIMY

## Changes In Hospital Staff

Nurse Forbes, who has for the past six months been mistress of Strathmore Hospital, having resigned, the Board have appointed D. W. McKenzie and Miss Hunt as the staff. The Hospital has up till now been conducted by one graduate nurse and a maid, but the Board has felt that the work is too heavy for one nurse, so that after the beginning of September two nurses will be employed, with a maid.

The showing made by the Hospital has been very satisfactory, as the report from January to June shows, and for the first time in history a surplus has been shown for the six months period.

The Board have assumed a larger financial responsibility in enlarging the staff and we trust will have the support of the public.

Both Mrs. MacKenzie and Miss Hunt are well known locally, residing in Cheadle district. They are both fully qualified graduate nurses, with former institutional experience.

(continued another page)

## Imperial Oil Co. Enlarging Local Depot

Work will commence at once on a big extension to the Strathmore depot of the Imperial Oil Co. Two new tanks will be erected, thus doubling the oil storage capacity, and a warehouse 20 by 40 feet will be built. It had been the intention of the company to erect a brick warehouse at cost of \$7,000, but we understand they could not get switching facilities to the acreage they proposed to buy as they are constructing their warehouse of metal.

The company lately instituted a truck service from this point and it is hoped will have shown their belief in Strathmore as a distribut center.

## School Opens Sept. 1

The children's two months summer holiday comes to an end next week. The Strathmore School opening on September 1st. There will be several changes in the teaching staff, which is not complete as follows: Principal—Mr. L. T. Williams, B.A. Vice-Principal—Miss K. H. Dawson, B.A. Grades 5 and 6—Miss Pauline Smith. Grades 2 and 4—Miss E. M. Poirie. Primary—Miss K. M. MacLennan. Principal Williams and Miss Poirie are the only two members of last year's staff remaining, though Miss MacLennan was formerly on the staff, but resigned owing to the illness of her father, and the school is fortunate in again securing her services.

Miss Dawson has been on the Red Deer teaching staff, and comes here very highly recommended. Miss Smith has formerly taught school at Carseland and Hammerhead, and is a very capable teacher.

During the vacation the Board have had several comes kalsomined, and the school generally put in shape for the forthcoming term.

The Town Council have acquired new nucleus ground, north-west of town, and we hope soon to see the end of the epidemic on the Calgary road.

## Death Of Mr. W.E. McLaggan

The death took place with startling suddenness on Monday at 5 p.m. of Mr. W. McLaggan, of Strathmore H.C. Agency.

Mr. McLaggan had been in his usual robust health up to the day of his death, and though feeling sick that morning had been outside the house in the forenoon.

His illness was primarily caused by acute indigestion. The late Mr. McLaggan was thirty-six years of age and was born in Blackville, New Brunswick. He had lived in Strathmore for several years, first in the employ of Mr. Jack Walls and later with Mr. C. W. Oxlley.

His cheerful manner and good fellowship had made him a host of friends, both in town and country, and reference to this is seen in our Nightingale note this week which were written by our correspondent there before he heard of Mr. McLaggan's illness and death.

He is survived by his widow and young daughter Hazel, with both of whom the sincerest sympathy is being expressed in their sad bereavement. Mr. McLaggan was a prominent member of Strathmore Lodge L.O.O.F.

His brother lives in Calgary, and it is expected that a considerable number of Strathmore people will accompany the cortege to Calgary.

Edmonton, Alta.—Oil claims have been staked along the Mackenzie River right up to the Arctic Circle. The staking extends from a point several miles south of Fort Norman, which is 1500 miles north of here, to another point within some fifty miles of Good Hope, a post just sixteen miles south of the Arctic Circle. The total distance of oil staking here is now approximately 150 miles though not continued over this entire length.

The Queen's Hawaiians, who showed up at Strathmore on Monday evening last, rather a poor house.

## Girls Play Baseball

Langdon and Strathmore Girls met in a baseball game on the Strathmore ground on Friday evening. The Langdon girls showed evidence of more experience in the game than the locals, and took them into camp by a score of 17-7.

Mrs. Mat May was perhaps the best player on the field, pitching for Strathmore throughout the game, but her opponent could be much improved on.

This is the 10-6-6 girls first season, and with more practice they should do alright.

Both Mrs. MacKenzie and Miss Hunt are well known locally, residing in Cheadle district. They are both fully qualified graduate nurses, with former institutional experience.

## Community Club Meets Monday

Strathmore Community Club, after a period of quiescence during the summer months meets in the Memorial Hall on Monday, August 27, to discuss matters of interest in the town and district.

The meeting will be preceded by supper at 6:30 p.m. prompt, and an address will be made in complete luncheon by a p.m. so as to leave members free for other engagements they may have. Supper will be served by the Ladies Auxiliary G.W.A., at 50¢ per head.

Besides these new members of the club all interested in the prosperity and welfare of the district are requested to attend. Monday 6:20 at the Memorial Hall. Don't forget it.

## Pool Teacher Rides Radiator With Editor

Interesting descriptions of the eastern editors visit to Strathmore in June and coming to hand by almost every mail, the eastern journalists having evidently been very favorably impressed with the town here.

The Post-Calgarian Citizen has a couple of columns dealing with the visit. There is a graphic description of the Demonstration Farm, and the reception given by the town is referred to in the following terms:

**Strathmore Out En Masse**  
Thursday, June 16, 7 p.m.—A. B. Calder, of the C.P.R., and editor MacKenzie, of the Strathmore Standard, put over a splendid surprise on the special train crew. We left Calgary at 5 p.m. today and according to program there was no other stop to be made until 8.30 tomorrow morning when we were due to arrive at Regina. That is where the surprise came in. We had just settled down for a cozy steady ride over the prairie when at 6 o'clock the train slowed down and stopped at the town of Strathmore. A glance out of the window and everyone knew that something was done.

**Whole Town Out to Welcome Us**  
It appeared as if all the residents of this enterprising little town of seven or eight hundred people were at the station to greet us. The station platform and the open space surrounding was crowded with cheerful faces. The town band was playing a stirring two-step, and handkerchiefs and hats were waving in the air. And as we stepped of the train another pleasant feature of this cordial reception made itself manifest: the young girls (and they were pretty) began to serve delicious sandwiches in a wholesome manner to all old and young.

**School Children Sing**  
While due appreciation was being shown the sandwiches the school children, lined up in regular formation on the platform sang "O, Canada. Then the mayor, Frank Butler, climbed up on the radiator of a Ford, and in a short snappy speech gave us an official welcome. It was a good Western welcome. "Everything in the town is yours," said the Mayor. "Everything is wide open and all the keys have been thrown in the lake."

Thirty-five automobiles (and most of them belonged to the people of the village) conveyed our party through the town and then out on the open

prairie to view part of the vast system of the C.P.R. irrigation ditches. Land which comes within the radius of this great irrigation system has no need of the services of the Rainmaker Hatfield.

**She Prefers the Radiator—So Does The School Teacher**

As our party were packing themselves in the automobiles before starting on this trip, our friend, Ed Fry, King of the Dumville Chronicle of office, somehow got it into his head that there would not be sufficient room for everyone in the regular seats. So Bill perched himself astride a Ford radiator, and in the friendly spirit which pervaded the hour, he invited a nearby young lady to take a seat beside him. And such to his surprise, he did and moreover she stayed there throughout the procession.

After Bill had sufficiently recovered from his surprise, he asked the young lady what had prompted her to accept his invitation so readily. She explained that she was a school teacher and would be leaving Strathmore in a few days, and welcomed the opportunity to "shock" the town people before her departure. Perhaps size 4 shoes the good people of Strathmore, but Bill says his arm was a real good shock absorber. He had to hold her on the radiator all the way.

**Welcome Appreciated**  
Strathmore's welcome was sincerely appreciated by the travellers. It was something different, and so very cordial. Strathmore is a thrifty town of happy, contented people.

## Strathmore School Fair

The third annual fair promoted by the schools of Strathmore and district, with the encouragement of the Provincial Department of Agriculture, will be held here on September 21, 1921. Last year the exhibits were large and very available, and we believe they will be even better this year.

The schools taking part in the fair are:

Akenhead, Berra Vale, Cathmill, Crowfoot, Fairplay, Hervey, Nakiska, Nighthawk, Grande Valley, Sevenberry, Strathmore (5 women), Glencairn.

Mr. W. Vickery, president and Rev. T. Phillips, secretary, are doing the heavy spadework of arranging the fair, and we trust they will be supported of both by town and country.

The prize list, which has just been issued, is as follows:

**NOTE**—In section 1, pupils compete only with other pupils from the same school. In all remaining sections competition is open to the pupils of all schools, otherwise eligible.

**Class I—Garden Products**  
1. Collection of vegetables to consist of as many kinds as are shown from the seed distributed. The quantities should be six ears of corn, carrots, beets and parsnips; three each of turnips and mangel, one pint of shelled peas, one cabbage and one cauliflower.  
Prizes—\$2.00, \$1.25, \$1.00 and 50c for each school.

2. One peck potatoes. Prizes—\$1.25, \$1.00, 75c and 50c.  
3. Collection of flowers of various kinds distributed, varieties to be shown in separate dishes.  
Prizes—\$2.00, \$1.25, \$1.00 and 50c.  
4. Championship prizes for best collection of vegetables at the fair.  
Prizes—\$2.00, \$1.25, \$1.00 and 50c.  
5. Individual vegetables exhibit as follows: 4 beets, 4 carrots, 4 parsnips, 2 turnips, 2 napa cabbages. Prizes \$1.00, 50c, and 25c.

**Class II—Grain**  
Sheaves must be three inches in diameter just below the heads.  
Prizes for sections 6 to 11 inclusive: \$1.00, 75c, 50c and 25c.  
6. Sheaf of wheat.  
7. Sheaf of oats.  
8. Sheaf of barley.  
9. One sheaf of timothy.  
10. One sheaf of alfalfa.  
11. One sheaf mixed grasses.

**Class III—Cooking**  
(Ages 10 to 14 inclusive)  
12. Plain cakes without icing.  
13. Pudding.

(Ages 10 to 14 inclusive)  
14. Six baking powder biscuits.  
15. Pemmican.  
16. Collection of canning, in cans of the following:  
(a) One jar pickles.  
(b) One jar fruit.  
(c) One jar vegetables.

17. One loaf white bread.  
18. Fruit pie (double crust).  
19. Rural school lunch.

**Class IV—Sewing**  
(Ages 10 and under)  
Prizes for sections 19 to 25—75c, 50c and 25c.

20. Cleaning outfit.  
21. Button bag.  
22. Coverall shirt.  
23. Patching on cotton.  
24. Dress of commercial pattern.  
25. Guest towel.

**Class V—Essay on Home Economics**  
26. Short essay (about 200 words) on one of the following subjects:  
(a) Laundrying of women general.  
(b) Methods of cleaning laundry.  
(c) Ideas for furnishing and cleaning living room.  
Prizes—\$2.00, \$1.50, \$1.00.

**Class VI—Arts and Manual Arts**  
(Ages 10 and under)  
Prizes 75c, 50c, and 25c.

27. Model of fruit or vegetable (size 10 in.).  
28. Surface pattern in colors. (Then stick pattern, cut paper or crayon). (Pupils 10 or over)

## Irricana News

—O—

Owing to the fine weather harvesting is now in full swing.

Miss Kernick has returned from U.S. and will soon be resuming her duties as teacher in Three Hills.

Mr. and Mrs. Slater and family are moving to Hanna where Mr. Slater has a position.

Miss F. Miller of Delburne has secured the position of teacher of Grades VI to XI inclusive of the Irricana school. Miss Bertha Black will again assume her duties as teacher of the smaller grades. School commences the 26th of August.

## KEOMA ITEMS

Last Sunday week a good crowd attended the social service held in the Keoma School at 7.30 p.m. Besides the practicing of hymns, a solo was rendered by Mrs. Fred Brown, and reading were given by Mrs. Park and her sister Miss Drabner. This service is held every Sunday evening at 7.30, and everybody is invited to attend.

Now the hall adjusters have been around, many of the farmers are busy with mowers cutting what is left of the straw to be able to have some feed for their cattle through the coming winter. Others are fast turning the land over again, ready for what may turn up next year. Several farmers are sowing fall rye.

Recent visitors from the British Columbia to Keoma, had the unusual reception of being nearly beaten up in the recent hail storm which they were out in.

We understand that Mr. Swenson, the Irricana blacksmith, has taken over the business at Kathryn.

A short time ago two young ladies were selected to canvas for new members for the U.F.W.A. Miss Bellamy getting lost numbers than Miss Periv, so Miss Bellamy had to give a garden party on Thursday, August 18. The above mentioned lady entertained the members in a social afternoon, everyone appearing in picturesque, skirts and short frocks, a reminder of child-hood days. The afternoon passed pleasantly playing games and eating wild animals etc. A delicious lunch was served for which one and all were ready. At six p.m. the happy party broke up everybody vowing they had the time of their lives.

## Municipal District of Keoma, No. 249.

BY-LAW NO. 21.

—O—

A By-law of the Municipal District of Keoma, No. 249, to provide for the enforcement of the By-laws of the Municipal District.

The Council of the Municipal District of Keoma, No. 249, enacts as follows:

(1) That any person or persons found guilty of a breach of any By-law of the Municipal District of Keoma, No. 249, for which no other penalty is provided, shall upon summary conviction thereof forfeit and pay to the Council not exceeding \$100.00 and costs for every offence, and that in default of payment thereof, it shall be lawful for the Justice, convicting to sentence the offender or offenders against the bylaw to imprisonment, with or without hard labor for a period not exceeding thirty days, unless the said penalty and costs including the costs of commitment, be sooner paid.

(2) All fines imposed for the violation of any By-law of the said Municipal District shall unless otherwise provided be paid to the Justice, Treasurer of said Municipal District for the benefit of the same.

DONE and passed in Council assembled at the Municipal Office, this 11th day of October, 1920.

W. M. GALLAGHER, Reeve.  
D. W. POWERS, Secretary.

Municipal District of Keoma, No. 249

BY-LAW NO. 22

A By-law of the Municipal District of Keoma, No. 249, to provide for the enforcement of the By-laws of the Municipal District of Keoma, No. 249, for irrigation water.

The Council of M. D. Keoma, No. 249 enacts as follows:

(1) No person shall personally by his servant or agent, allow irrigation water to damage or obstruct any high way, lane alley, or other public place in this Municipality.

(2) Any person convicted of a breach of this By-law shall be liable to the penalties imposed by the By-law providing for the enforcement of the By-laws of the Municipal District of Keoma, No. 249.

DONE and passed in Council assembled at the Municipal Office this 11th day of October, 1920.

W. M. GALLAGHER, Reeve.  
D. W. POWERS, Secretary.

Date 25-4-20

Next Week with the Churches

## M.D. Keoma Meets

SUMMARY COUNCIL MEETING

M. D. KEOMA, No. 249.

August 1921

A special meeting of the Council of M. D. Keoma was held to fix the current rate of taxation. The following members being present: Reeve Gallo way, Deputy Reeve A. McLean and Geo. J. Swenson and L. Chaudhary.

On motion the various Medical Health Officers were requested to present a report of their activities for the consideration of the Council.

After careful consideration of the current disbursement which was out down for the next year, it was decided that the rate for Municipal purposes for 1921 should be 6 mills and one mill for debt service purposes. This was put on the basis of all the taxes being collectable this year.

After the report of the Assessment Board it was found that the assessment had to be raised 25 per cent. It was moved that the rate be raised 25 per cent.

Moved that on behalf of the Municipality and the Council that Reeve Gallo way be given authority to sign the contract with Mr. Evans for the land taken by the road diversion through the property.

On motion the rate for the School District within the Municipality was set as follows:

Millage

Harris 15  
Jervis 15  
Akenstad 15  
Bertha Vale 15  
Baird 10  
Bryn Mann 7  
Bruce Lakies 7  
Greenfield 6  
Hines 25  
Level Land 7  
Nightingale 12  
Paddy Spill 5  
Serviceworker 5  
Turner 6  
Vivian Garden 4  
Layden 10  
Keoma 7  
Landover 7

FRANK J. EWING, Secretary-Treasurer

Municipal Finances

For the information of the ratepayers, we wish to make an explanation of some of the important measures as dealt with by the Council at the last meeting of the Council of M.D. Keoma, No. 249.

In connection with the Assessment and with further reference to my note a few weeks ago, I may say that the report of the Board of Equalization, Edmonton, has now been presented and it is found that to equalize our adjoining Municipalities, we must increase our Assessment approximately 25 per cent. Subsequently, every parcel will be increased accordingly, the current tax notices will be sent out on this basis. Notice of this effect was given on the Assessment notices.

Regarding the Municipal rate as fixed by this Municipality, the notice arrived at after careful consideration of current disbursements and cutting same down to have necessities. Only by cutting all the taxes on the disbursements to meet. Usually in striking the rate figures are compiled on the basis of only 60 per cent of the taxes being collectable.

By referring to the financial statement as sent to all the ratepayers, you will find that the taxes are paid at the expiration of 1920 as over 161,000, of which \$22,000 was paid tax alone, which is a very heavy liability against the bank credit. We are borrowing now approximately \$40,000 from the bank and paying 7 per cent interest. Had all our taxes been paid, this would have been unnecessary and represents a debt and interest payable by the taxes, but we have any arrears who indirectly become responsible.

The tax sale list is now prepared and open for inspection. Much of this has been collected nearly through indifference on part of the owners. Our credits now will be appreciated, saving any further action.

The current tax notices will be sent out early this fall and all taxes are due 20 days after notice are mailed. Prompt attention would be appreciated. Notice is hereby given that right enforcement for collection of all taxes will be made to all delinquents.

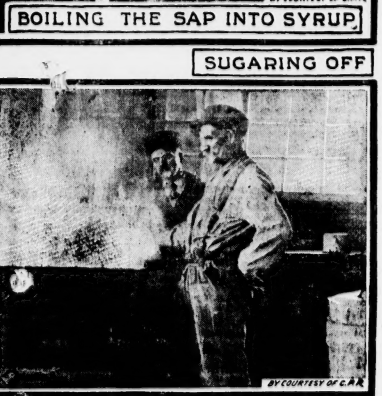

FRANK J. EWING, Secretary-Treasurer

## Beautiful Maples.

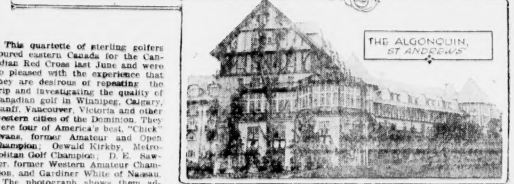

The making of maple sugar and syrup has become but a memory in the recollection of residents in many of the older parts of Canada. The industry is still, however, an important one over large areas in Quebec and to a less extent in Ontario and the provinces down to the sea. Sugar-making from the maple, which is confined entirely to this continent, the advent of the white man the Indians had learned to extract and concentrate the sap of the maple tree. On the approach of spring the trees were tapped, with the tomahawk, a slanting direction and beneath the opening made was inserted a wooden chip or spout to direct the fluid drop by drop into the receptacle resting on the ground. The sap was caught in a birch bark dish and boiled in earthen kettles. The small quantity of dark, thick syrup thus made was the only sugar available to the Indians and is attested by early writers to have been highly prized. The early settlers from the Old Land learned from the Indians the art of sugar making and indeed followed for many years their crude methods of manufacture. Even yet primitive equipment and methods are stated to be used in back sections of the country that turn out their annual crop of inferior syrup and sugar.

For perhaps a century the white man followed very closely the primitive methods of the Indians save the substitution of iron or copper kettles for vessels of clay or bark. In the early days before the lumber acquired much value the sap continued to be used for tapping the trees, the sap was caught in wooden troughs and conveyed in buckets on the shoulders with a sap pole to a central point to be boiled. No sugar bush was fully equipped without snowshoes which were frequently found necessary in gathering the sap. The boiling was done in large iron kettles suspended from a pole in the open woods in a sheltered location with no protection from sun, rain or snow or the adverse falling leaves, moss and bits of bark that were driven about by the wind. An early improvement was the substitution of the saddle for the ear tapping, cooped buckets took the place of the birch bark "cups" or bawn sap trough, while the bottle gave way to the modern evaporating tank made famous by the name of Grimm. During the past March and April along the lines of the Canadian Pacific in Quebec and Ontario farmers have been busy with the tapping of the maple trees and it is important. It is estimated that the industry represents an annual valuation of nearly three million dollars and is carried on by 50,000 growers. But the increasing value of maple wood has led to the removal of many fine sugar orchards. With all the advances that have taken place in manipulation, sugar making has not lost its romantic side. "Sugaring off" is sugar camp in the woods is still looked forward to by young and old, who regard the event as a social feature affording rare enjoyment.

## United States Golfers Praise St. Andrews-by-the-Sea

WHITE EVANS KIDBY SAWYER

THE ALGONQUIN, ST. ANDREWS

This quartette of golfing golfers found eastern Canada for the Canadian Red Cross last June and were in pleased with the experience that they are desirous of repeating the trip and investigating the quality of Canadian golf in Winnipeg, Chazy, Banff, Vancouver, Victoria and other western cities of the Dominion. They were four of America's best, "Chick" Evans, former Amateur and Open Champion, Oswald Kirby, Western former Western Amateur Champion, and Gardner White of Nassau. The photograph shows them addressing the ball at C.P.R. Links at St. Andrews-by-the-Sea, N.B., on the shores of Passamaquoddy Bay. The four were particularly impressed with the quality of St. Andrews golf and the beauty of its surroundings. "Taking everything into consideration, hotel, country and the course itself, I cannot think of any finer spot than St. Andrews," said Oswald Kirby. His team-mate, Gardner White, declared that he intended to take his family to St. Andrews to play and enjoy its many attractions. "St. Andrews is a fine test of the game and is not to be surpassed," said "Chick" Evans. "Golf on the picturesque links of St. Andrews completed one of the most interesting and delightful golf trips that could possibly be arranged," said D. E. Sawyer. When Mr. Andrews-by-the-Sea in Canada was named in honor of St. Andrews, Scotland, the Kirkcaldy and original home of golf, no effort or expense was spared to make it worthy of its title. Like its Scotch namesake, Canada's St. Andrews is a beautiful coastal links a scenic test of the royal and ancient game. Every year large numbers of golfers from all parts of the world play at St. Andrews-by-the-Sea and many of them like the New Brunswick course as well as they do the links of the Forest and Ancient Golf Club in Scotland. Golf is an invigorating game anywhere, but it is most delightful when played along the sea. At St. Andrews there are two courses, a nine-hole course 2,100 yards long and an eighteen-hole course 3,600 yards long, both overlook the sea, and are clad in a firm sward of velvet green. While resting on the course you can enjoy the view of the sea, the harbor dotted with sailing vessels and yachts, and little row boats that ride serenely over the waves. From the golf links you may watch the fishermen catch millions of surfhake in their seine that are set a few hundred yards or less from the shore. And old men and old women may often be seen gathering shell fish on the beach. It is a delight to listen to the continuous patter of the waves that retire on the red-clipped land for the coast line is made of rocks and mud of rich deep red, and looking on it one might fancy that here in prehistoric times man first encountered was killed and dyed the place with his blood. The late Sir William Van Horne, one of the presidents of the Canadian Pacific Railway, built a beautiful residence on an island in Passamaquoddy Bay, and his family still lives there in the summer season. Lord Shaftesbury, the chairman of the C. P. R. Board of Directors, makes his summer home at Port Tippecanoe, St. Andrews, and takes a special interest in the progress of the place. At St. Andrews there is splendid sea fishing, and a lake near at hand furnishes some of the best bass fishing in Canada. And should the weather ever be rainy the Algonquin Hotel supplies bowling alleys, pool tables, English and French billiard tables, and a beautiful large casino for dancing. Those who make St. Andrews by the Sea their holiday resort once will do so a second time, for when you are away from it there is an air about the place that brings you back again.

## HOW ABOUT YOUR Harvest Needs?

We have a complete line of Hay Forks, Bundle Forks, Fork Handles, Grindstones, Sickle Grinders, Scythe Stones, Mower Files, Oils, Greases, Oilers, Grease Cups, Valves, Pipe Fittings, Tank Pumps, Tank Pump Hose, Steam Hose, Single Trees, Double Trees, Nose Guards and many other things that you may need to put your outfit in the field.

## Harvest Well Forward

Despite frequent rains, harvesting is progressing fast, and most of the grain is now in stock.

Threshing will commence by the beginning of September, but the district is now complete, and the farmers who had the misfortune to be halted are satisfied with the fair manner in which their claims were dealt with.

The ground is well soaked now, and will go into the winter with moisture to ensure good germination next spring.

Last issue we gave a summary of crop conditions throughout the district, and nothing has occurred since then to lower the expected yield. The big consideration now is the price to be realized.

Mr. G. F. Scott, local agent for the Dominion Life Insurance Company, was the guest of the company on a trip which they gave all their agents who wrote \$10,000 worth of business last year. There were fifty-four in the party, five of whom came from Calgary. Mr. Scott writes us an interesting account of his trip to Cowichan Lake, 69 miles from Victoria. Following the excursion he attended the Life Underwriters Convention at Victoria. There was an attendance of several hundred life underwriters from Canada and a number from the U.S. The Calgary branch won a shield presented by the president of the Dominion Life for the branch which wrote the highest amount of paid-up business during the year ending July 31. Mr. Scott adds that he naturally feels proud of the honor which has fallen to his branch and of the fine record which the company has shown during the past twelve months.

## Local Jottings

OF LOCAL INTEREST  
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are estimated at by the Standard, Phone 17 or 56.

Owing to the death of Mr. McLaughlin, the Ladies Aid will not meet on Thursday 25th as previously arranged. Dr. F. R. Edmunds, dentist, will be at the King Edward Hotel Monday and Tuesday of next week as usual, 11:30.

Miss Elizabeth Benz and Wilma Schaefer are spending the week end with their parents after a two weeks holiday to points in British Columbia, including Portion, Kelowna, Vernon, Revelstoke, Glacier, Field, and Inver.

Mr. C. Nerling has moved his shoe repairing business to Mr. Frank Seal's new building.

Mr. Alex Lyall sold out his restaurant business on Saturday to Mah Yau.

Dr. A. W. Givlin attended the sessions of the Alberta Medical Institute last week, with Mrs. Givlin.

Mr. and Mrs. Wm. Marshall stayed in Calgary over the week end.

Mrs. James Martin returned from a visit to her sister Mrs. Thinks at Olive, Alta. She states that crop conditions are very good in that district, which lies north of Edmonton.

Mrs. Howies has returned from a trip she had been taking to New York and other eastern points on receiving information that her husband was seriously ill here.

The King Edward Hotel parlors and halls have recently been repainted and redecorated and the interior of the hotel now presents a very pleasing appearance.

The exterior of the Catholic Church has been painted, and with the trees surrounding it is an attractive view to the traveller coming into town from the west and south.

Rev. T. Phillips left on a well-earned holiday last week.

Several North Dakota men have been in town since the beginning of the week endeavoring to interest the local public in an apparatus for producing gas and its byproducts from raw and vegetable matter.

Entertainers (G.W.A.) are holding what promises to be a very enjoyable dance in the Memorial Hall on Friday evening. Music will be provided by Wallace's Calvary Orchestra.

Some local returned men are now receiving their active service and enlistment medals, but the majority have yet to receive theirs.

The marriage took place on August 10th by the Rev. A. D. Currie, of Mr. Edward Sloan to Miss Katherine Grimshaw. Mr. F. Morrison and Mrs. Grimshaw supported the bride and bridesmaid.

A Poetry and Apron Sale will be held by the Ladies Auxiliary G.W.A. on Saturday, September 5, at 2 p.m. at the Memorial Hall. Afternoon tea and candy basket free.

The case will be tried here today of a Calgary motorist who is alleged to have run into a horse ridden by Mr. F. Horton on the main road and kept on going without finding out if any damage had been done. Fortunately neither horse nor rider were seriously injured. Mr. Horton jumped into a motor car that passed after the accident and followed the offending car into town.

The new auto bylaw for Strathmore is working out satisfactorily and there is no doubt that it is to the interest of all to observe it, especially on busy evenings, when the streets are crowded with cars.

Mr. and Mrs. W. Jones and baby boy visited last week with Mr. and Mrs. Harry Wood. Mr. Jones was previous to the year principal of Strathmore School, and resigned to go overseas with the Canadian forces. He is now following the scholastic profession in Calgary.

Allan's crop of grain is estimated for this year at \$7,249,000 bushels.

The marriage took place at Calgary of Jennie Kermack, daughter of Mr. and Mrs. A. Kermack to Mr. A. J. Thomas.

The item published last week regarding the birth of a daughter to Mr. and Mrs. S. C. Nelson should have read a son.

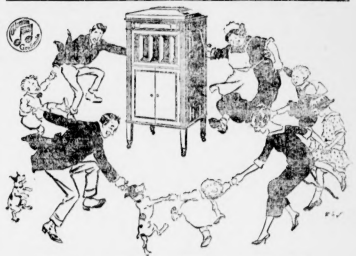

Mr. and Mrs. J. M. Holmes, daughter a report of whom was appearing in last issue, were at the following yesterday: "Mr. and Mrs. J. M. Holmes wish to thank their friends for the gift of silverware."

Address notes received too late for insertion in this issue.

Remember Nightingale Horticultural Fair Wednesday, Aug 31

Lord and Lady Byng and Captain Cook, R.N.R., Commander of S.S. "Empress of France" on arrival at Quebec.

## Home Ties That Hold

Boys and girls enjoy music. They love the lilt of the waltz and the rollicking jazz of the modern fox-trot. That's why the Columbia Grafonola with

Strathmore, Alberta, August 24, 1921

## HOSPITAL SERVICE

The big hospital scheme proposed last year is still awaiting submission to the people in the districts surrounding Calgary. The delay is stated to have been caused by the change from a straight tax of so much per acre to a valuation basis, as is the case with other taxes.

This has necessitated waiting till the various Municipalities have had their assessment rolls adjusted and approved. The change in the basis of taxation should remove much of the objection that has been taken to the plan by ranchers west of Calgary, who object to being taxed the same amount per acre as the settlers on highly priced grain raising land. The scheme brought forward by the Hospital Board however, at their last meeting, was not a satisfactory one. It was too evidently the result of a compromise. It is hoped that the new taxation system will result in a more workable scheme being presented to the ratepayers for approval.

Meanwhile the Strathmore Cottage Hospital Board is extending its staff to meet the present situation. The hospital has done very good work during the past six months, and on some days the patients there have run into two figures. We trust that the Board will have the support of the public in adding to their staff, and that they will be able to put an adequate heating and lighting system into the building before winter. Of course, if the big scheme passes this fall, the difficulty will be solved, but the Board are in the position that they have to make arrangements for the future, irrespective of the major scheme.

Th work done by the Strathmore Hospital since its opening two years ago illustrates the necessity for the scheme of sub-hospitals as proposed in the plans for the large district.

## HAIL INSURANCE

The recent hail storm which did so much damage over a territory extending for one hundred miles in length and of varying width, shows the necessity of adequate hail insurance. Cases are on record where farmers had with drawn their insurance believing that the hail damage was over, while others had neglected to put on insurance at all.

Hail insurance is as necessary in Alberta to the grain growers as fire insurance is to the home owner or business man. The only people who can afford to do without insurance are those who are independent of the returns on their crop, and these are not a numerous class.

The Municipal Hail Insurance scheme has been a boon to the farmers residing in the municipalities where it operates. Many a farmer carries insurance with it who otherwise would have neglected to carry insurance at all, and in unorganized districts the uninsured crop has been much greater than in that organized by the Board.

The adjustments made have also been satisfactory to the great majority of hailed crop owners, and the adjustments have been made promptly and painstakingly.

## THE RETURNED MAN PROBLEM

The unemployment situation is going to be very keen this winter, especially in the cities. It is a fact to be regretted that a large percentage of the unemployed are men who served their country in the war. The most are men who served their country in the war. The most of these men have not been re-established in permanent jobs, and no matter how willing the employer, he cannot afford to keep men on when he has not the work for them or the cash to pay them wages.

About twenty thousand men, who have qualified as agriculturists, have passed the examinations of the soldier settlement board. Farms and stock have been purchased for them, and they have been loaned money to cover indebtedness for a period of twenty years, payable in instalments. Those who have good fortune will weather through and make good, though there is always bound to be a percentage of failures.

For those who are not agriculturists, and who are not on pension, the Government has done practically nothing. They have found their own jobs, but the present depression has thrown many of them out of work, and as they did not have the opportunity of saving during the war, and have not had much since it, they are out of funds to meet the winter. A lot of these men might have been set up in business on loans with the money that have been loaned to them, but the Government has not done this. The Government has not done this. The Government has not done this.

Some further remarks on this subject will appear in next issue.

Calgary, Alta. — Paul O'Leary, representing a party of Central American capitalists, is at present in this city to investigate the possibilities of wheat growing on a large scale in the Canadian West. It is intended to operate thirty thousand acres.

Quebec, Sask. — The Saskatchewan Grain Growers' Association reports a heavy demand for binder twine, one local brand which ordered 25,000 pounds last year having requested 200,000 pounds this year. Canada imported from the United States last year 23,611,000 pounds of twine.

Winnipeg, Man.—A total of 7,119 persons entered Western Canada from the United States during the six months ending June 30, 1921. They brought with them personal wealth to the value of \$2,435,894, and effects worth \$702,452. Out of the total number of immigrants, 2,600 gave their occupation as agriculturists and will engage in farming on the prairies. Of the total, 4,892 were United States citizens while the balance 2,228 were composed of Britons, Frenchmen, Canadians and Scandinavians.

Winnipeg, Man.—The Financial Times, in its latest survey of Western Canadian crop conditions states that the wheat yield this year should be the most valuable the West has ever produced, worth at least half a billion dollars.

Milton, Ont.—A heavy flow of gas was struck on the farm of Archie Spens at Merton nine miles east of here. The strike was made at a depth of 200 feet, and at 500 feet the pressure became so strong that a deep well gauge had to be affixed.

## The Way to Save

It is the systematic regularity with which you make small deposits, rather than the occasional banking of a considerable amount, that steadily builds up a substantial financial backing.

Get the habit of definitely depositing. Three dollars saved every week, with interest at 3% compounded semi-annually, in five years will amount to \$841.02.

## Provincial Grain Estimates

Wheat, 11 Bushels; Oats, 28 Bushels; Barley, 20 Rye, 14.

In the sixth monthly crop report issued by H. A. Craig, deputy minister of agriculture, the first estimate of the yield is given which places the wheat average at 11 bushels per acre; oats 28; barley, 20 and rye 14, their estimates being based on the total acreage sown.

The hay crop generally will be light, except in the northern portion and the department recommends that all the feed possible be put up as the indication is that the southern farmers will require to ship in a considerable amount.

Farmers who are sowing fall rye are recommended to poison the grasshoppers, as this work has been neglected in many instances where it was evident that the first crop was to be a failure.

Weather conditions have been favorable to filling the grain.

Regina, Sask.—Saskatchewan co-operative marketing societies had an increase of \$1,125,105 in the amount of business handled last year compared with the turnover in 1919. The membership was increased by 646, making the total at the end of the year of 13,894. The paid-up capital invested increased from \$262,251 to \$466,069. Fifty-four societies marketing livestock shipped 912 carloads and received therefor \$1,529,296. The value of supplies sold was \$5,853,245. The total business handled amounted to \$7,511,655.

Victoria, B.C.—An effort is being made by the Hon. T. D. Pattullo, Minister of Lands for British Columbia, to induce one thousand British families to settle on farming lands in the Pacific Province. Mr. Pattullo states that despite the restrictions men with experience and capital could not settle themselves as better advantage than in British Columbia.

## Weather Report

August 16th to 22nd

| Supplied by C. P. Irrigation Dept. | Max. | Min. | Precipitation |

| 21                                 | 72.0 | 49.0 | .02           |
| 22                                 | 71.5 | 46.0 |               |

## PRICES ARE COMING DOWN

Another cut in the price of paper is reported, which will affect most stationery lines. We are not going to wait until our present stock is disposed of, to give our customers the benefit of this reduction, but have gone over our stock and marked it down to the new retail prices.

The NEW PRICES in some cases are less than the goods cost us. We handle the better line of stationery.
